WELL EMPOWERED COMMUNITY SCHEMES

Effective and complete empowerment remains a challenge in the community schemes sector.

- **1. Understanding 'Empowerment' in the community scheme sector**
- **2. Regulatory interventions on empowerment in the sector**
- **3. The Role of Industry Bodies towards empowerment interventions**
- **4. Collaboration towards impactful empowerment of community scheme stakeholders.**

EMPOWERMENT

- **Empowerment** is about discovering and embracing your power. It means acknowledging that you possess the ability to influence your life, the community scheme and the world around you.
- "**community scheme**" means any scheme or arrangement in terms of which there is shared use of and responsibility for parts of land and buildings,

ISSUES

- 1. Has the industry embraced the imperative of empowering stakeholders?
- 2. What empowerment features have you observed or introduced in the sector?
- 3. What are the challenges facing seamless & effective empowerment of role players?
- 4. At which role-players or stakeholders should empowerment be specifically targeted?

CONCLUSION

**“Don’t be afraid.
Be focused. Be
determined. Be
hopeful. Be
empowered.”
- *Michelle Obama***
